ST. JOHN'S, NEWFOUNDLAND JUNE 9, 1921

AT THE HOUSE

Tuesday was a fairly civil day at the House, progress being reported on several Bills until the Committee on Supply sat, when the opposition talked a lot.

Mr. M. P. Cashin delivered one of the best speeches he has given this session and confined himself to the question of the Loan which he mildly criticized because he said it was not put out to tender.

Mr. Bennett followed and could be heard plainly in spite of the rain pattering in the windows.

For the first time this Session, religious matters were introduced into discussion in the House and Mr. Bennett and Sir John Crosbie excelled themselves as they expounded their own virtues as Protestants though a minute before they had condemned any Sectarian feeling whatsoever. What their respective religious affiliations had to do with the question of Supply to His Majesty was a mystery to the House, but nevertheless there it was, and each of these

gentlemen was quite prepared to live and die a Protestant. Good! The Bolt from the Blue came when Mr. John R. Bennett announced that "at the next election there would be a different line up Sir Michael Cashin making the public announcement that he would not be again Leader."

WEDNESDAY.

Several Bills were cleared off at Wednesday's session of the House, the agreement between the Colony and the Steel Companies, being sent to a Select Committee to report. A night session had been intended, but after sitting for half an hour, the Leader of the Opposition thought that as considerable business had been accomplished, adjournment might be might be taken, and this was agreed to.

Ayre & Sons

TO MEET EUROPE'S BEST.

Tommy Morrison of St. Louis, who will go to England to compete for honors with British and French golfers.

From Winterton

(To The Editor.)

Dear Sir.—It affords me great pleasure to be able to report that the "Mission Band" of Winterton held its first public meeting on April 24th. It was held in the night, and quite a large number gathered in. Much thanks is due to Mrs. Nath. Pienney, President of the W.M.S. who so nobly filled the place of our chairman Rev. Dr. Saint, who was absent at the time of the meeting. Also much credit is due to the President Miss M. E. Petley, who took great interest in teaching the children to take their parts. No doubt every one present was pleased with the "exercises and singings" which each child rendered so well. A splendid report was read by the secretary, which showed that the past year has been a successful one. Each member of this Band seems to be greatly interested in Mission Work.

Trusting to see this in print in your valuable columns,
I am, yours Respectfully,
One interested.
Winterton, April 30th, 1921.

THE CRIME OF KULTUR.

Worcester Telegram: The trails of the war criminals begin in Germany. First brought to book is a mere Prussian sergeant. He is accused of having forced British prisoners to work in the mines against their will, of having thrown stones at them, of having hurled at them certain animalistic epithets. He cannot, does not gain say the brutality. He remarks, by way of explanation, "What one is taught on e is likely to learn." Which is at once revelation, confession and damnation of, and after the Prussian manner, apology for, the crime of kultur. At The House

THE SAME YESTERDAY, TO-SAY AND FOREVER.

Besten Transcript: "Shakespeare still lives" says a dramatic critic. He certainly must have been alive in 1921, to be able to say, as he does, that the only use of peace is to breed enmities.

PUBLIC NOTICE!

TO WHOM IT MAY CONCERN:

CHINA WILL CUT WAR EXPENSES

Tells League of Nations She Intends Giving Effect to Recommendations Concerning Expenditures on Armaments.

IS FIRST TO TAKE UP THE LEAGUE'S SUGGESTION

London, June 7.—Dr. Wellington Koo, Chinese representative in the League of Nations, has notified the Secretary of the League that it is the intention of the Chinese Government, to give effect to the League Assembly's recommendation concerning the limitation of expenditure on armament. The League of Nations at the Assembly, held in Geneva Powers limit their expenditures on armaments during the next two years to their appropriations for that purpose, during the last year. China is the first nation to notify the League Secretary, officially, of the intention to adopt the Assembly's recommendation.

WAR MEMORIAL

Thursday next, June 9th, Board of Trade at 4 o'clock a Public Meeting of Ladies and Gentlemen will be held to organize immediate action in connection with a Public War Memorial.

Nothing impossible will be attempted but plans will be made to collect before September 1st as much money as possible towards this object in subscriptions ranging from Fifty cents up, every subscriber to be privileged to express his opinion as to the form and location of the Memorial.

This movement for immediate action has received the endorsement of the G.W.V.A., Officers of each of the City Brigades and a fair number of well known citizens. One of the Judges of the Supreme Court in supporting the meeting expressed the following sentiment: "The boys that went West didn't wait to fight for us. Are we going to wait any longer to commemorate their sacrifice?"

Your support and your attendance at Thursday's meeting is most earnestly desired.

P. E. OUTERBRIDGE,
Convenor.

SIMMS SCORES
SINN FEINERS

In Address to English-Speaking Union at London He Says Sinn Feiners are Warring on American Nation.

FLAYS PROPAGANDA
CIRCULATED IN U. S. A.

London, June 7.—Rear Admiral Sims of the United States Navy advised Britons and United States citizens to disregard the "dangerous propaganda circulated in U.S.A. by your enemies and ours." In addressing the English speaking Union here to-day, Sims said Sinn Fein Americans were making war on America to-day. The simple truth is, he said, they have the blood of American and British boys on their hands, for the obstructions they placed in the way of the most effective Allied operations of the navies during the war.

PESTILENCE IN
WAKE OF FLOOD

But Danger is Passed, According To U. S. Health Service—Pueblo Town Now Sad Sight—Thousands are Homeless.

WORK OF CLEANING UP
IS RUSHED BY STATE

Pueblo, Colo., June 7.—Danger of pestilence following last Friday's disastrous flood has passed according to officials of U.S.A. public health service. There is plenty of food and shelter has been provided in refuge camps to remove the congestion in churches, schools, and in private homes, and an army of men has been at work clearing the streets of debris, removing dead animals and clearing out business places.

Many Bodies Recovered.

Pueblo, Colo., June 7.—Forty two bodies of flood victims were in morgues of the city to-night. Five additional bodies were recovered, one of unidentified bodies was identified and some of the discrepancies in the lists previously announced were traced to-day. J. W. Pressy, in charge of identification of flood victims, stated to-night that a number of dead reported were not flood victims but died of natural causes.

STEEL PRODUCTION
HAS FALLEN BEHIND

Schwab Fears U. S. Control is Endangered by Germany.

South Bend, Ind., June 7.—The steel industry is suffering the worst depression in forty years' experience, Charles M. Schwab declared last night in a speech in which he asserted that only a new industrial fabric, built on the basis of economy, could keep German industry from reaping the benefits of the world war. From a normal production of forty million tons of steel, annually, the United States industry has slumped to less than ten million tons, Mr. Schwab announced.

London, June 8.—Because too many fingers were broken, interfering with shooting practice, the authorities of St. Cyr have banned baseball playing, which was becoming a fad with the cadets.

PARLIAMENT IS
OPENED, ULSTER

Impressive Scenes Mark Formal Ceremony in City Hall—Sinn Fein and Nationalist Members Are Not Present.

HUGH O'NEILL IS ELECTED
SPEAKER BY ACCLAMATION

Belfast, June 7.—The Parliament of northern Ireland, elected last month under the new Home Rule measure, was opened this morning amid impressive scenes, in the Council Chamber of the City Hall here. None of the Nationalist or Sinn Fein members, elected to Parliament, were present as forty Unionists took their seats. Hugh O'Neill, son of Lord O'Neill, was unanimously elected speaker. Sir Dawson Bates is Minister of Home Affairs; H. M. Pollock, Minister of Finance; the Marquis of Londonderry of Education; J. M. Andrews of Labour; and Hon. E. A. Archdale of Agriculture.

The American steamer Mount Vernon Bridge 6 days from New York bound to Copenhagen, arrived at 2.30 o'clock this morning short of water. The ship has a full general cargo, consisting mostly of grain, and will take her supplies at Shea's premises to-day.

OBJECT TO CHINESE.

London, June 8.—Seamen at S. Wales ports demand the expulsion of Chinese from British ships. At Newport they declined to go on board any ship in port until the Chinese on one ship had been replaced by British.

WILL NOT MEET
ALLIED DEMANDS

Von Hofer Won't Withdraw German Troops from Upper Silesia, Contending Force is Necessary To Protect German Interests. SAYS ALLIED ULTIMATUM IS IMPOSSIBLE TO OBSERVE

Berlin, June 17.—General Von Hofer, head of the German Defense forces in Upper Silesia, says the Vossische Zeitung's Breslau correspondent, has replied to the Allied ultimatum demanding that he withdraw the German forces, that he has neither the power nor the will to recall self-defence forces from places whose protection they have taken up. The despatch adds that General von Hofer declares that previous experiences of Germans in Upper Silesia do not warrant their lives and property being left unprotected. He is also quoted as saying that enforcement of the Allied demand "would make it impossible for me to exercise upon the Defence force that influence for self-restraint and order which hitherto, have succeeded in making effective."

NFLD. STUDENT WINNER

Arthur Diamond, of Catalina, Is Now Doctor of Medicine

Kingston, Ont., June 7.—The list of graduates of Queen's University Medical College, who have won the degrees of M.D., C. M., include the name of Arthur Diamond of Catalina, Newfoundland.

BRITISH FORCE
IS SUFFICIENT

British Troops are First to Cross Line Established by Pole In surgents in Upper Silesia—Are Now in Control.

POLES ARE WITHDRAWN
AS BRITISH APPROACH

Paris, June 7.—The British Government, according to information received here to-day, has notified the German Government that the Allied forces in Upper Silesia, will soon be sufficient in number to suppress disorders in that region. German proposals to relieve the British troops, therefore, the notification said, were unnecessary and would tend to augment, rather than to diminish the difficulties of the present situation.

BIG VOTE IN FAVOR
OF CHURCH UNION

Toronto, June 7.—Organic Union with the Methodist and Congregational Churches was approved by the Presbyterian General Assembly of Canada to-day by a vote of 410 to 111. The result was little different from the vote on Union taken at the Winnipeg Assembly in 1916, when the returns were 406 to 99 in favor of union.

MEIGHEN GOES
TO CONFERENCE

Canadian Premier to Support Renewal of Anglo-Jap Agreement If Satisfactory to U. S.

Quebec, June 6.—Premier Meighen is now on his way to London to attend the Imperial Conference. According to Gratian O'Leary, staff correspondent of the Canadian Press, Meighen will strenuously urge on arrival in London that the question of military and naval defence, which is contained in the agenda of conference, should be postponed until the precise relations of the dominions to the motherland are defined. With regard to the proposal to renew the Anglo-Japanese agreement, O'Leary says there is good reason for supposing that Meighen will support renewal only upon the condition that it is satisfactory to the United States. On the question of the relations of nations within the Empire, Meighen will stand on the ground that centralization must be avoided and full autonomy preserved, and no change made without sanction of the Parliaments and people concerned.

DAMAGE TO RAILWAYS
CLOSE ON 5 MILLIONS

U. S. Roads Entering Pueblo, Colo., Suffer Through Floods.

Pueblo, Colo., June 7.—Damage to three principal railroads entering Pueblo will aggregate \$4,500,000 according to an estimate made to-day by H. A. Tice, Division Superintendent of the Atchison, Topeka and Santa Fe railway. Mr. Tice estimated the damage to that road at \$2,000,000, that of the Missouri Pacific at \$1,000,000 and that of the Denver and Rio Grande at \$1,500,000.

WILL ADMIT GERMANY.

Geneva, June 7.—The Assembly of the League of Nations, to-day adopted resolutions in favor of the admission of Germany to the

TWO FISHERMEN
HAVE HARD TIME

Newfoundlanders Go Adrift in Fog And are Exposed to Severe Experience for Several Days—Suffer Much from Hardships.

MEN REACH MAINADIEU
ARE WELL CARED FOR

Louisburg, June 3.—Two fishermen named Farrel and Rose, belonging to Newfoundland, and members of the LeHave schooner Alicante, Captain Romkey, had a thrilling experience in an open dory for a couple of days, and but for their rugged constitutions would no doubt have succumbed to cold and exposure. The schooner was fishing off the banks of Scatarie, when a heavy fog suddenly shut out everything from view. All efforts of the men to locate the schooner, or the efforts of Captain Romkey to find the men were futile, and the skipper was finally obliged to weigh anchor and run into port to announce the loss of the men. In the meantime, however, the hardy fishermen rowed unceasingly until their little craft struck on the hospitable shores of Mainadieu, where they were kindly cared for by the collector of customs at that place.

WILL GARRISON
POLISH TOWNS

Germans are Notified that Britain Is Now Able to Keep Order in Upper Silesia—German Proposals Now Unnecessary.

JOINT ACTION IS NOT
VIEWED WITH ANY FAVOR

Oppeln, June 7.—Detachments of Royal Irish Infantry, the first British troops to cross the lines established by Polish insurgents in Upper Silesia, detained at Gleiwitz yesterday, and assumed control of the city. As the troops, consisting of one battalion, with full field equipment entered Gross Strehlitz, northwest of Gleiwitz, they encountered the first Polish outposts. Machine guns had been trained on the station by the Poles, but when the British appeared, Poles withdrew. The train was held there for some time, so that the officers could investigate a report that the track further on had been mined. The report proved to be false. It is learned from British sources that a probable plan for the pacification of Upper Silesia will be to garrison all large industrial towns with British police forces will also be formed of "Citizens of the town of Good Character," and the British will gradually relinquish the policing of the district to this organization.

THE FLOODS IN COLORADO.

Pueblo, Col. June 5.—Three times during the past 48 hours, the waters of the Arkansas River have inundated this city. The loss is probably 250 lives and \$19,000,000 in property damage. Already 100 bodies have been recovered. The greatest danger at present is pestilence. Food is rationed, and pure water at a premium.

FRENCH ISSUE ULTIMATUM.

Oppeln, June 5.—The French have issued an ultimatum to General Von Hofer, giving him 24 hours to withdraw the German forces from the Annaberg section of Upper Silesia. French troops in the industrial section will be withdrawn. The ultimatum, delivered by a British liaison officer, was merely acknowledged by Von Hofer, an arrangement for a conference between whom and the British Commander has been made for Monday morning.

Three Million Pounds Spent.

London, June 6.—The miners appear to be drawing near the end of their resources. Altogether it is estimated that the Miners' Federation has spent £3,000,000 on the strike so far, and each week it can hope for less aid from other unions, as they are finding their own resources dwindling in giving their members unemployment pay.

AN ALTERNATIVE
The Apple Grower: Gee, but your price is awful. Shortage in barrels? The Cooper: Not a shortage exactly but clothing is still very high and barrels are up out of sympathy.

Disease-Breeding Drains

DISEASE-BREEDING DRAINS

From the News
Residents on Military Road are annoyed by the pestilence with which the ugly and unwholesome cobble drains are presented to the gaze and nostrils not only of themselves but of pedestrians. Some years ago the Council decided definitely that no more cobble or "French" drains should be laid. Concrete drains were laid in several localities, and have since given complete satisfaction. When or why the resolution was rescinded, if it was rescinded, is not known; but the insanitary and dirty nature of the cobble drains is known too well to those who reside near them, to those who pass them and to the mortality statistics. The cobbles invite filth to cling to them, and the odour arising from them in warm weather is at times most offensive. If there is no odour it is because the filth has dried up, been gathered by the breezes, and has found lodgment in the eyes and ears and clothes of all that pass by, or else in the dwelling houses, offices and shops. To cleanse a cobble drain is impossible, flushing may remove the mass of corruption, but there is no stream sufficiently powerful to remove all the filth. A concrete drain has no crevices or cracks, or few of them, in which the germs and dirt may lurk. But as it was in the beginning, it is now. Cobble drains suited the ancestors, and in conservatism of this kind St. John's is 'faute princeps' amongst cities. The concrete drain may, or may not, cost more to lay, but so far as repairs go its cost of maintenance is very small. No wonder Military Road residents are asking why a system, well enough in early Victorian days is perpetuated in the second decade of King George's reign.

CONFLICT WITH GREAT BRITAIN WOULD BE "THE END OF CIVILIZATION," SAYS U. S. WAR SECRETARY.

Four Thousand Ton Steamer Strikes Iceberg, And Is Heading For St. John's.

British Insists On Absolute Impartiality Between German's And Poles.

S. S. SEAPOOL STRUCK ICEBERG.

Halifax, June 8.—The steamer Seapool struck an iceberg in 48.20 north latitude, 45.50 west longitude, and is making slowly for St. John's with her forefoot broken and her forepeak full of water, according to advices received here shortly after 11 o'clock this morning, by the Canadian Naval staff. The message stated that the steamer was not in immediate need of assistance. The Seapool, a steamer of 4,503 tons gross, arrived in Montreal from Sydney on May 24 and presumably sailed from the former port. She is registered at West Hartlepool, and was built in 1914.

MAY SALVE ESPERANTO.

Halifax, June 8.—The Herald, this morning, carries a front page interview with a Halifax Salvage Expert, whose name is not given, in which it is stated that salving of the Gloucester schooner Esperanto, which foundered on the morning of May 30, South of Sable Island, is quite feasible.

REPARATIONS PAYMENTS.

New York, June 8.—The German Government made another payment yesterday of several million dollars towards the Allied Reparations account, reported to be approximately \$14,300,000. With yesterday's operations bringing the total payments to approximately \$50,000,000, it was said that an additional \$30,000,000 remained to be paid on this side by Germany in accordance with the schedule announced in Berlin.

BRITISH JUSTICE.

London, June 8.—The proposed meeting of the Allied Supreme Council has faded into the dim distance as the result of French pressure for postponement until order has been restored in the Plebiscite region of Upper Silesia, officials here admit. Great Britain is willing to make this concession, but it is declared the British Government is insisting on stern measures in Upper Silesia, and absolute impartiality as between Germans and Poles, and is ready to employ force, if necessary, in the creation of a neutral zone between the contending factions.

MANCHESTER PAPER CRITICISES OUTSPOKEN ADMIRAL.

Manchester, June 8.—Under the caption "Admiral Sims outburst" the Manchester Guardian to-day published an editorial regarding "Indiscretions of his little outbreak yesterday" in the Admiral's luncheon address before the English speaking union. "Among many points forgotten by the distinguished sailor," the editorial declares, "whom we all like," are

CASE FOR LABOR AIRED IN COURT

Council Enters Plea that no Agreement for Payment of \$3.33 Wage Was Entered Into—District Representatives on the Stand.

COUNCIL IS ORDERED TO ENTER A DEFENCE

The case of Mr. E. J. Whitty against the Municipal Council and Mayor, was heard in the Central District Court yesterday and created considerable attention, the Court being crowded all through the hearing. Mr. C. W. B. Ayre conducted the plaintiff's case, whilst Mr. E. L. Carter acted for the Council. Mr. Whitty, who was employed on relief work, sued the Council for arrears in pay due him because of an alleged unjustifiable reduction of 83 cents per day. Mr. Ayre on behalf of his client, opened the case, by stating it was merely a test case, in which 1200 men similarly situated were looking for redress. The Council had a certain amount of money allocated for relief work, and men were given employment at first at \$3.33 per day. Later this rate was reduced to \$2.50. Mr. Ayre contended the Council had no right to reduce the wages of the men. The Prime Minister, who was first called and for over an hour was examin-

ing the facts that the Sinn Fein party and the murder gangs, who profess to be doing its work, are just about as distant from each other as the British Government and the other murder gangs which profess to be doing its work; that the most striking point in Ireland's "relation to the Great War" was not the insane effort of a few wild extremists to help the Germans but the great number and excellent quality of the Irish soldiers, who abounded in its Irish Australian, Canadian, English and Scotch Regiments. By ignoring such facts, while he stresses others, Admiral Sims, no doubt with the best intentions, assimilated himself to an intolerant English party man."

SENATOR ATTACKS ADM'RAL

Washington, June 8.—Senator McCormick, Republican, Illinois, complained formally to-day to President Harding and Secretary of Navy Denby, about the address in London, yesterday, by Rear Admiral Sims. The Senator asked the Secretary to take disciplinary measures against the Admiral.

WAR WITH BRITAIN IMPOSSIBLE

New York, June 8.—Secretary of War Weeks, in an address to-day to the graduating class of New York University, declared that war between Great Britain and the U.S. was an impossibility. He opposed disarmament for the United States, on the ground that there "are active and feverish military preparations among those with whom the United States might possibly come in contact," but added that conflict with Great Britain would in his opinion "be the end of civilization."

COAL SITUATION BRIGHTER.

London, June 8.—The best news which has come to the public for many weeks is that the miners' Executive will recommend that the Convention of District delegates of miners which assembles here on Friday order a ballot of Miners' Unions on the question of accepting the amended proposals of the coal owners. It is understood that the owners have offered something like twenty percent on the wages of 1914, plus additions made since, and have also guaranteed a proper wage for lower ratings among the mine workers.

BARRING OUT IMMIGRANTS.

New York, June 8.—Nearly 1,500 Italian immigrants last night were marooned on steamers here because their country's June quota, under the new restrictive Immigration Law, had been exhausted. About 1,000 Italian and Portuguese immigrants are detained at Boston for the same reason.

ed by Mr. Ayre, said that \$10,000 had been allocated from both St. John's East and West District grants, by Mr. Higgins and himself for relief work. No discussion had arisen as to the rate, at which men would be paid. He had not authorized the reduction from \$3.50. It was done without his connivance. He further stated the St. John's West grant, was being worked out under Board of Works control, and not by the Municipal Council.

Cross-examined by Mr. Carter Sir Richard said there was no absolute agreement, that the men should get \$3.30 per day. Mr. W. J. Higgins was the next witness called. He said that he understood the regular rate of \$3.30 per day would be paid the men, who worked out the amount allocated from his district grant, but no agreement had been made. The Council however, would not have got the money, if he had known there would be any discrimination between men on relief work and the regular Council employees.

The next witness called was Mr. J. R. Bennett who also received a lengthy examination, and at 1:30 p.m. the Court adjourned till 3:30 p.m. After recess Mr. Carter for the Council asked for a dismissal on the grounds that no material evidence of any agreement in the matter of a scale of wages, had been produced. Mr. Ayre objected and asked that judgment be entered for the plaintiff. It was ordered that the Council enter a defence.

WEDDING BELLS

SEAWARD—MAHONY.

On Thursday morning at 7 o'clock All Hallows' Church, North River was the scene of a very pretty wedding, when Martin, son of Mr. and Mrs. Thomas Seaward, led to the altar Laura, daughter of Mr. and Mrs. Jas. P. Mahony both of North River. The ceremony was performed by the Rev. Dr. Whealan P.P. following which the esteemed Pastor in a brief but eloquent address tendered to the young couple his heartiest congratulations and also his hope for their meeting with every success in their future career.

The bride was handsomely attired in a travelling costume of navy blue serge with flowing veil and hat to match, and her sister Bridgie, who attended her at the altar was also neatly attired in a navy blue costume, whilst the groom was ably supported by his brother, Jim. Following the ceremony the contracting parties drove to the home of the groom where breakfast was partaken of and then proceeding to the station en-trained for St. John's, where the honeymoon was spent. On Saturday evening by the outgoing Carbonear train the happy couple returned to North River their future home, and immediately after their arrival, a reception was held, which was attended by their friends when a most enjoyable afternoon was spent, the programme consisting mostly of singing, whilst Miss Seaward a sister of the groom acted as organist. The young couple were the recipients of many valuable and costly presents, includ-

Dining-room Talk

Not "Small-Talk," but Furniture talk, about the beautiful Dining-room Furniture in Golden and Fumed Oak we have here in our showrooms. Its fascinatingly attractive, there are so many designs to select from, and they're all so good.

There are Round Tables, Square Tables, China Cabinets, Buffets, Dining Chairs, Carvers' Chairs, everything needed to furnish an altogether desirable Dining-room.

If you are going to re-furnish your dining-room—wholly or partially—this Spring, keep this announcement in mind and be sure to see our new stock of Dining-room Furniture.

U. S. Picture & Portrait Co.

ag several cheques, which were accompanied by the many good wishes of all who made their acquaintance, and if that, which tradition records, is true that "happy will be those on whose wedding day the sun blooms forth," their success in future life is fully assured.

His Excellency the Governor will be "At Home" to receive callers at Government House on Thursday the 9th instant, from 4.30 to 6 p.m.

A Well-Tailored Man

Can put up the front necessary to succeed, but the man who has a steady or "hand-me-down" appearance won't get far, for he will not inspire confidence. We put the necessary "class" into all our garments, so that none need look twice to recognize the well-tailored man—if he's wearing a suit or overcoat made by us. There is a subtle element of superiority which is apparent at once—just in the fit and style of the garment, and an attractive feature of our work is that we do not "hold you up" as to prices. Come in and let us show you the goods and prices.

W. H. Jackman,

CHILD WELFARE WORK REVIEWED

Dr. Brehm Outlines Work Done by Health Department and Community Nurses—14,903 Houses Visited During 1920.

SAYS CHILD'S HOSPITAL IS AN URGENT NEED

At the last regular meeting of the Municipal Council, the following communication from Dr. Brehm, Public Health Officer, was read:—

"Referring to our conversation of a few days ago, I beg to submit for the information of the Commission a brief outline of the Child Welfare work which is carried on by and in connection with the Community Nurses. The law now in force requires that all births occurring in St. John's shall be registered within two days. These reports are obtained from the Registrar-General by the nurses, of whom there are now three engaged in the work. Every case is visited by one of the nurses, who offers the mother advice and assistance in the care and management of the baby. If desired, the visit is repeated at regular intervals, the nurse exercising a general supervision over the health of the child. In case of illness special advice and treatment are given when necessary, subject to the approval of the attending physician. Pamphlets and circulars containing instruction and advice in the feeding and management of infants are distributed to the mothers.

A "Welfare Centre" has been established at the Public Health Office, to which mothers may bring their infants for examination, etc. On one day each week there is a special "Clinic" when a doctor is present, who examines and prescribes for any sick babies, and gives instructive "talks" to the mothers. Any errors in feeding and management are corrected; if the babies are weighed each week, and a careful record of their progress is kept. Clothing for infants is supplied at a very low rate, or free in necessitous cases.

After the end of the war, the Women's Patriotic Association assumed the responsibility of raising funds for the Child Welfare Service, to supplement the allowances made by the Government and the Municipal Council. Through their agency, three milk stations have been opened and are still in operation. At these stations, good milk is supplied at the lowest rates, or free to those who are too poor to pay. Ten beds for babies have also been maintained by the W.P.A. in the Children's Hospital, King's Bridge Road, but recently this has had to be discontinued owing to lack of funds.

The following is a statement of the number of visits, etc., made by the nurses during 1920:

House visits	14,903
Office Consultations	1,714
Special Treatments	279
Interviews with physicians and nurses	331
Interviews with others interested	492

In connection with the Child Welfare Service, a course of lectures and practical instruction has been given to midwives. This has already been of great benefit, and will be much more valuable when the new Maternity Hospital is in operation.

There is no doubt that this service, since its inception in 1918, has been the means of saving many lives. Its extension in several directions is very badly needed. There is great need of a children's hospital, available without charge to the poor, also of an institution or other means of caring for illegitimate children, whose systematic neglect adds largely to the infant mortality rate."

Atlantic Lodge Welcomes P.G.M. Craig.

On Monday night, Atlantic Lodge No. 1, under a capacity hall, welcomed Bro. Past Grand Master Craig of the Maritime Provinces of Canada and Newfoundland. Bro. Craig, who is paying his regular yearly visit here, was met by the reception committee on arrival of the Rosalind. Whilst here he will visit the lodges in the immediate jurisdiction and will be a guest of Atlantic Lodge, No. 1. Bro. Craig gave a very interesting discourse on his travels since his last visit here and presented two jewels on behalf of himself and Atlantic Lodge No. 1. Bro. Past Grand White and Bro. Past Grand McLeod being the lucky recipients. Yesterday a banquet was held at Donovan's in Mr. Craig's honor.

Obituary.

JAMES GOODWIN, New Melbourne.

A tribute of respect to the memory of James Goodwin who passed peacefully away on May 24th, at the age of 55 years.

On the 13th of February he was taken ill and was consequently unable to attend to his various duties. He gradually began to get worse and a doctor was called and found him to be suffering from the dreadfull malady, cancer of the stomach. His family and friends advised him to go to the Hospital for treatment. Although he felt within his mind that no good could be done for him, yet to satisfy his friends he left for St. John's on the 9th day of April in a very weak condition. He spent two weeks at the General Hospital, then returned home on April 24th to spend his remaining days with his family. The doctors at the institution having decided that he was beyond medical aid. Kind friends from far and near visited him and always found him bright and cheerful, and it was a pleasure for them to sit by his bedside and converse with him, as he was conscious to the end. On May 26th his funeral took place and was one of the largest ever seen here. People from all the neighboring places came to pay their last respects to him. The Orange Society, of which he was a member for thirty years, and the Sunday School scholars presided at the ceremony. The funeral service was conducted by the Rev. E. Broughton, his beloved pastor, assisted by the Rev. Dr. Saint of Heart's Content. The Rev. gentleman taking his text from Mark 24:8 and Revelation 22:3 & 4. At the close of the service the Dead March in F major was played as his remains were taken to the cemetery and committed to Mother Earth. His Orange brethren performed their burial service and as a last token dropped their emblem on his coffin.

EXECUTIONS IN DUBLIN.

Dublin, June 6.—Edward Foley and Patrick Maher were executed this morning for the murder of a Royal Irish Sergeant and a constable. William A. Bell was executed for the murder of Magistrate Dixon of Dan Avon.

GERMANY'S VIEW.

London, June 6.—Dr. Schamer, German ambassador to Britain today delivered a note to foreign minister Buzon, protesting against threat of his Inter-Allied Commission to withdraw Allied troops from towns in the industrial region of Upper Silesia, unless the withdrawal of the German defence force begins forthwith. The note declares that the threat constitutes a grave breach of the peace treaty and was tantamount to placing the German population at the mercy of Polish insurgents, making civil war inevitable.

DRASTIC BUT WISE.

Pueblo, June 6.—Systematic and drastic action to ascertain the number of dead and clean the city of Pueblo, flood-stricken for three days, was begun this afternoon. Acting under military authority, Lieutenant Colonel Paul Newton ordered every able bodied man to apply himself to the task of removing the debris from streets as a measure to prevent fire and pestilence. The order bars sight-seers and makes work compulsory, either for stipulated pay, or under military guard without pay. The situation is declared well in hand. Recovery of the bodies is proceeding slowly. A check by the Associated Press showed forty two dead in morgues here, and a report of ten more was received from St. Charles Mesa, downstream. Observers of three hundred and fifty city blocks damaged by flood estimated the loss at fifteen million dollars to-day.

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as a certain cure you see, a box at dealers, or Edmonson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

ALBERT J. BAYLEY

Secretary of Agriculture.

June 7th, 1921.

NOTICE

I hereby certify that Warren Le Roux of St. George's District of St. George's at St. George's, aforesaid, was this day convicted before me for a breach of Section Three of Chapter Sixty-eight of the Consolidated Statutes of Newfoundland (3rd series) entitled of the "Prohibition of Intoxicating Liquors" and was fined in the sum of One Hundred Dollars and costs.

ROBERT SQUAREY,

Stipendiary Magistrate.

St. George's,

May 27th, 1921.

You know from experience that

WINDSOR PATENT

is the ideal flour for family use!

It would be risky to change to a brand you do not know—the experience is so costly these times.

Yesterday in the various Coves there is a good deal of codfish on the market all of which is being sold at a good figure and is quickly bought up furnishing as it does a nutritious and palatable meal for families.

The Schr. "J. W. Rodway" is loading fish at James Baird Ltd. for Oporto. Capt Dave Robinson one of the well-known and efficient skippers who did such good work in the "J. W. Miller" will command the "Rodway".

The steamers "Ranger" and "Diana" will be despatched to Labrador leaving here on Monday the 13th. inst. They will take a large number of fishermen for different ports of the Coast to prosecute the summers work.

NEWFOUNDLANDERS Carry On

You made yourselves a great name across the sea, now—for Newfoundland herself in stress, Carry on!!

Newfoundland's men and women in hundreds are idle—her industries closed, the wolf is at the poor man's door. Drive him away! open the factories! keep your own men and women busy! keep the stranger outside not "within thy gates." Buy the goods made by your own folks at home. If they are good enough to be made by Newfoundlanders, who pride themselves on their workmanship then they are certainly good enough to be used by Newfoundlanders.

Help yourself! help them! and help your country by keeping Newfoundland's dollars circulating in Newfoundland.

Goods MADE and SOLD in Newfoundland by Newfoundlanders Means Prosperity for Newfoundland.
